Gordon Research Conference

Tissue Repair & Regeneration

June 5-10, 2011

Chair: Michael Galko (Houston)
Vice Chair: Sabine Eming (Cologne)

Speakers:
Ravi Bellamkonda (Atlanta)
Leena Bruckner-Tuderman (Freiburg)
Andrew Chisholm (San Diego)
Michele De Luca (Modena)
Dennis Discher (Philadelphia)
Karen Echeverri (Dresden)
Sabine Eming (Cologne)
Brigitte Galliot (Geneva)
Geoffrey Gurtner (Stanford)
Carl Hauser (Cambridge, USA)
Stephen Jane (Parkville)
Karl Kadler (Manchester, UK)
Takeo Kubo (Tokyo)
Lester Lau (Chicago)
Chuan-Yuan Li (Denver)
Paul Martin (Bristol)
Philip Niethammer (New York)
Grace Pavlath (Atlanta)
Shahin Rafii (New York)
Alvaro Sagasti (Los Angeles)
Rachel Smith-Bolton (Illinois)
Daniel Tschumperlin (Boston)
Fiona Watt (Cambridge, UK)
Alan Wells (Pittsburgh)
Sabine Werner (Zürich)
Jennifer West (Houston)
Will Wood (Bath)

Other speakers TBA

Topics:
• Danger signaling: Sensing the presence of damage
• Healing the outside: Barrier repair and regeneration
• Healing the inside: Organ repair and regeneration
• Building better organs: Tissue engineering
• Helping repair the damage: Stem cells and regenerative medicine
• Cancer as a disease of misregulated wound healing
• Regenerating pattern throughout the animal kingdom
• Keeping the bad guys out: Inflammation
• Matrix and fibrosis

In conjunction with the
Gordon-Kenan Research Seminar (GKRS)
(Held on June 4-5, 2011)
A unique forum for and run by graduate students and post-docs.

Chair: Yutaka Matsubayashi; Assoc. Chair: Dunja Knapp

(Gordon Research Seminars)

GKRS program includes:
• Keynote: Michael Levin (Medford)
• Panel Discussion on Career Development
  (Panelists: K. Echeverri, S. Eming, M. Galko, M. Levin and S. Werner)
• Talks by Students and Post-docs
  Selected from Submitted Abstracts
Abstract Deadline, March 28, 2011; Registration Deadline, May 7, 2011
