

COVID-19 Protocols and Vaccination Requirements at Mount Snow

GRC continues to monitor venue and state-wide practices and update this page as often as possible.

GRC Current COVID-19 Policies and Procedures

To ensure the safety of venue and GRC staff, and each of our GRC communities, there are a few COVID-19 policies and procedures to keep in mind before your travels.

- Currently, GRC is requiring masks in all GRC spaces and the COVID-19 vaccination and booster for all attendees and guests before attending the meeting. Masking is not mandated by the venue in public spaces, but it is required by GRC in conference spaces.
- GRC recommends that you bring your own self-test kits to the venue to test when you arrive before joining to group to prevent any spread of COVID-19 through out the GRC community.
- It is important to know that should you test positive while on-site:
 - You will need to abide by the CDC recommendations regarding testing and isolation.
 - Unfortunately, GRC will not be able to provide you with a refund as once you are on site, GRC has incurred those expenses.
 - You will unfortunately, be unable to stream into the meeting as GRC does not have the capacity to do so.

While the policies listed here reflect those of the venue, GRC attendees are expected to follow guidelines as outlined by GRC above. GRC policies regarding masking and vaccination status will supersede those put in place by the venue when utilizing GRC event spaces.

Additional Health and Safety Practices in Place at Mount Snow
